

## STUDENTS CORNER

### Parking

College is having ample parking space where two wheelers can be parked easily by the college students and visitors. College is having security at the main gate and whole parking space is under CCTV surveillance.

### Canteen

College is having canteen facility for staff members of the college and for students. Canteen provides hygienic food to the staff and students.

Students can enjoy snacks and breakfast in the canteen.

### Turf

College is having turf facility for the students for practicing cricket, football and other sports. Students can use turf for playing sports from 10am to 1 pm during college working days.

### Gymkhana

College is having gymkhana facility for students where students can practice carom, table tennis, chess etc.

Students are trained by Physical Director of the college for participating in intercollegiate tournaments conducted by other colleges and University of Mumbai.

### **Mentoring Cell**

Our college is having mentoring cell which was established in 2015, which conducts guidance lectures related to various fields. Under this cell we have faculty mentors and student mentors.

Faculty mentors boost the confidence of the students by Organising debate sessions, quiz competitions, group discussions and PowerPoint presentations. Many students do take active part in all the activities conducted by the college from time to time. Such activities not only help the students in their learning phase but make them competent to face the challenges related to job.

Student mentors are selected by college faculties who guide the weak learners by guiding them in their difficult subjects and they also conduct peer teaching.

### **Remedial Teaching**

College conducts remedial coaching for weak learners. Faculties conducts extra lectures for weak learners by guiding them how to improve knowledge of subjects.

Practical subjects are taught by elaborating more examples and solving problems on board. Practice sessions are also conducted to enhance the writing skills of the students.

PowerPoint presentations are made to make learning effective. Interactive sessions are also conducted to solve the doubts.

### **Placement Cell**

College is having placement cell to guide students and help them to get jobs in the market. They go through a process that guides them to be ready for a career when they are qualified. It is solely designed to encourage and help students.

Guidance Lectures are conducted on resume building, interview techniques and Experts are invited for the same.
